Hi,

We ara looking low cost rental. I am currently homeless, due to a family situation. I am 50 years old, and seeking a place to stay. I work with Postmates, and Instacart. I have income coming in, but currently interviewing for something more permanent. If you can help, that would be great. I am a Female, and I am now living in my car. I am a great cook, and I am very clean.

Thank you!
